Rifle / Pistol Equipment

Equipment Control will be conducted according to ISSF Rules using approved, calibrated instruments. Pre-competition testing is not mandatory, however, athletes are responsible for competing with legal equipment and clothing. All athletes are urged to submit any doubtful equipment and clothing to Equipment Control for checking before the competition. All athletes are subject to being selected for random post-competition testing and will be disqualified if their equipment or clothing is not legal according to ISSF Rules.

Rifle Clothing

All rifle athletes must have ISSF seals with serial numbers on their jackets and trousers. Any rifle jackets or trousers that do not have ISSF seals must be submitted to Equipment Control for inspection and the affixing of a seal before the athlete's first competition. Jackets and trousers that were previously inspected and have an ISSF seal continue to be valid except that athletes with more than one jacket or trousers must report to Equipment Control before their first competition to confirm which jacket and which trousers they will use. All other seal numbers for that athlete will be cancelled. Athletes that wish to replace a registered jacket or trousers with a new clothing item must bring that item to Equipment Control for inspection and a new seal. Previous seals will then be cancelled. Rifle athletes can have only one active jacket and trousers at any time.

Rifle Clothing Post-Competition Stiffness Testing

If one panel of a rifle jacket or trousers tests 2.9 or lower, the stiffness device must be recalibrated and the panel must be retested. If it fails again, but all other panels pass, the athlete will not be disqualified, but a written warning must be given to the athlete and the ISSF seal must be cut off. The athlete can continue using this clothing for that day in that event. If two or more panels fail, the athlete must be disqualified (DSQ).

Air or CO₂ Cylinders

It is the athlete's responsibility to ensure that any air or CO₂ cylinder is still within its validity date. This may be checked by Equipment Control.

4. Participation

Individual Events

ISSF Member Federations may enter a maximum of three (3) athletes per World Cup event and up to two (2) additional athletes to shoot for "MQS only".

7. Immigration and Customs Requirements

Visa

All National Federations that need official invitations from the German Shooting Sport Federation are requested to order these before **24 APR 2020** (Annex 7). Please provide us the Visa Support Form **typed on PC** and as a **word document**. The German Shooting Sport Federation can provide invitations **for the period of the ISSF World Cup Munich only!**

Unless the Organizing Committee receives a special request, the invitation will be send by e-mail. If an express service is requested, the cost of this service will be charged to the federation and must be paid to the Organizing Committee upon arrival.

Gun License

You do **not** have to declare **air guns** and the proper ammunition at all, if they conform to the international standard. Please note: To import air guns without an auxiliary permission, they must have the international embossing / stamping "F".

Owners of an **European Firearms Passport (EFP)** may even import their small bore guns **without** an auxiliary permission to Germany.

All nations that do **not** belong to the **European Union** must use the provided online registration to **register their small bore** rifles and pistols as well as the proper ammunition.

Please register online **before 29 MAY 2020** at: <http://entry.issf-sports.info>

After the online registration of your guns you will receive a **General Permission** from the district of Munich. This exceptional authorization will be valid from **29 MAY to 12 JUN 2020**.

Please make sure, that all delegation leaders as well as athletes who arrive or depart alone carry the General Permission as well as the list of all firearms and ammunition registered online to be presented to the customs!!!

Due to serious problems in the past we have to point out again clearly, that the **GENERAL Permission is only valid for the period mentioned above! Arriving before 29 MAY and departing after 12 JUN without a SPECIAL permission may result in severe penalties and confiscation of the firearms by the German authorities!** So if you plan to arrive earlier or depart later this **SPECIAL** permission must be ordered in time. In case you are planning a training camp, please be aware that the German Shooting Sport Federation cannot apply for that special permission. According to German law, the organizer of the training camp must do that.

Gun Permission Fee

If your stay in Munich is scheduled within the validation of the General Permission (29 MAY to 12 JUN 2020), the charge for an approved firearms and ammunition declaration is **EUR 25.00 per federation**. If you are **arriving before 29 MAY** or **departing after 12 JUN 2020**, and will therefore need a **Special Permission**, the charge is **EUR 50.00 per federation + EUR 50.00 for the gun storage**.

These fees must be paid together with the entry fees to the Organizing Committee.

IMPORTANT: No firearms and ammunition transport is allowed by railway or other public transport facilities!
