

ARNHEM 2015 MARCH 2-8

Aiming for perfection

Side Event Target Sprint

6th and 7th March 2015

Arnhem, the Netherlands

KONINKLIJKE NEDERLANDSE SCHIETSPORT ASSOCIATIE

Location

The Target Sprint will be organized at National Sportcentre Papendal in Arnhem.

Geographically Arnhem is favourably situated compared to the rest of Europe. For example, the distance to the German border is 20 km, Amsterdam 100 km, Oberhausen 95 km, Dortmund 140 km, Köln 165 km, Antwerp 165 km, Paris 550 km and Munich 770 km.

Just the very fact that Nordrhein Westfalen has more than 100.000 shooters who live not more than a two hours' drive from Arnhem, shows that the potential is far beyond the Dutch borders and can provide a great opportunity.

Venue

The event will be held on the track of Papendal. This track is also used by the Netherlands Athletics team and used for various events. We will build the shooting range in the center of the track, according to the ISSF Rules.

The event

Date:	6th and 7th March 2015
Location:	Papendal, Arnhem, the Netherlands
Type:	Open International
Entry fee:	None
Estimated participants:	350

Air Rifle:

- Use of own rifle
- Can be borrowed from organisation

Entry

The participants can register by using the online entry form, published on the event-website.

www.ech2015.nl

Schoolproject

At the same time as the open international event we organize a schoolproject for children (in the age of 12-16). In this project, which will take five weeks, the children will be trained to compete in Target Sprint. The schools will support us in teaching and building up their condition and we, as shooting sport association, will provide the technical training.

The children will participate at the same day and event as the Open International participants.

Impression Dutch Open

Time schedule

- 12th January registration open on www.ech2015.nl,
- 12th January invitation to all possible participants,
- 26th January Start schoolproject 'Target Sprint',
- 20th February deadline to register.

We kindly request support of ISSF for the following actions:

- Approval from ISSF HQ for this event,
- Permission to use the ISSF Target Sprint-logo in our communications.
- Publication of event in the ISSF Calendar,
- Announcement of event in newslist on ISSF-website,
- Forward of invitation to all the ISSF Target Sprint contacts.
